Seriously, you can't make this stuff up... (Okay, maybe I could make this stuff up, but I didn't, I swear!)

"Mike came to us highly recommended, and delivered on every aspect of the task. His quality was superb, he made room for us in his schedule despite short notice and a high volume of work, and he kept pace with the demanding timeline of our launch calendar. We will continue to use Vine Ripe Consulting for as many future contracts as we are able."

- Justin Somma, The Local Store

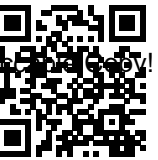

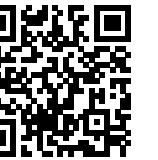

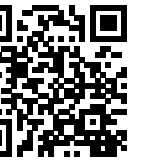

"We love what Mike was able to do with our website! He absolutely nailed it on the first try and completely captured our new brand essence within the text. Mike's help crafting our content was indispensable. He was extremely helpful, perceptive, and always on schedule. We couldn't be happier, and we would unquestionably work with him again!"

- Mike Lannen, Founder + Creative Director, Eternity Web, South Burlington, VT
