

brick and stone garden path (United States)

Location **Texas**
<https://www.genclassifieds.com/x-382609-z>

MUST SPEAK REAL ENGLISH.

Do you have experience with brick and stone creating a usable garden path to my back yard?

Can you draw on a piece of paper a design to use with the materials I already have?

The ground is ready for digging the necessary work to design the walkway...so I will need you before the ground hardens again.

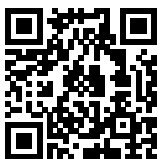

Send Full name and experience to the craigslist ad.

Tell me about yourself..are you from Dallas?
