Hello, my name is Alisha and I am very interested in finding a babysitting or nanny position in the Columbus area, more specifically at my apartment complex, therefore, I will be willing to drop the rates to accommodate your pick ups and drop offs. My apartment complex is right off exit 12 (Williams Road) from highway 185 at the Avana Highland Ridge Apartments (<http://www.avanahighlandridge.com/>) where there is a large pool and pool house for the kids! I would love to keep the kiddos active outdoors during the summer months, and we would also have breaks from the heat for naptime, meal time, etc.

A little bit about me...

I graduated from Pacific Lutheran University in 2010 with my Bachelor's in Psychology and Philosophy, and a minor in Social Work. I am a graduate student, obtaining my Master's in Education. I previously worked with elementary aged children as an ESL teacher most recently in South Korea. I have also worked with children part-time in the following settings, while attending college from 2006-2010. My first place of employment was working as a case aide for state social workers. My second part-time job during college was as an after school program specialist in the Boys and Girls club. My most recent professional job was as a Case Manager for a private foster care agency in Seattle, where I advocated for the foster families on my caseload, as well as the foster children placed in their homes. I absolutely LOVED this position, but had to leave due to my husband's military relocation. A little bit about me, I am a happy, healthy, energetic non-smoking 27-year-old with a passion working with and being around children of all ages. My husband and I do not have any children of our own currently. I have a very reliable car and

great driving record with insurance. If you think we would be a good fit, I would love to hear from you!
