Have your General Motors vehicle gauges gone haywire or not working at all. At Fast Auto & Tire we rebuild GM gauges for the following vehicles. With the rebuild you get all new motors for your oil pressure gauge, voltage gauge, temperature gauge, gas gauge, tachometer and any other gauges your vehicle comes equipped with. The dealerships charge well over \$300.00 for this repair; here at Fast Auto & Tire we only charge \$100.00. Also while we have your cluster apart we can replace any of your burnt out lights for \$5 apiece. This Repair comes with a 12 month or 12,000 mile warranty whichever comes first.

Don't know how to get the instrument cluster out of your vehicle? We can do that also for an additional charge depending on the vehicle.

Fast Auto & Tire is open Monday through Friday 7am -5pm. Stop in and see Matt anytime he can get you setup to get your gauges repaired!

HD's, Denali's and Escalades are \$110
