This includes your picture frames, shelves and the contents, light switches, and anything else in between the ceiling and baseboards. Blinds, front & back door, windowsills, and all trim are included in your house cleaning.??All furniture in each room will also be dusted or wiped.

In the bedrooms, we will change your linens for each bed if you choose. Everything is cleaned from top to bottom in the bathrooms, too! We will clean and disinfect toilets, sinks, and tubs. The mirrors and fixtures will be shined to make your bathroom look immaculate. All cabinet faces are wiped down.

In the kitchen, the inside of your microwave and the outside of all other appliances will be scrubbed and wiped down. The sink and facets will be cleaned out and shined.
