Looking to Re

With my wife and I separating, I need to find a good home for my buddy Rufus. Everybody if his friend and he hasn't a mean bone in his body. His tail is constantly wagging and except for the occasional "woof" (it's not a bark) when someone knocks at the door, he's quiet as a church mouse.

We've always said he's beagle mix and from the photos you can see that. Someone mentioned he was a Queenslander and sure enough, if you Google Queenslander Dogs, he looks a lot like them. He's a medium sized dog and you can see from the picture in the kitchen a bit of that.

While it pains me to have to say goodbye, knowing he was going to a good home would make it easier.

If you have any questions, let me.
