Greetings!

I'm the owner of Papaw's Jewelry.

I have a costume jewelry business with massive ongoing NEW overstock from Macy's, Nordstrom, Target, Kohls, Charming Charlies, JC Penny and others. I get all the name brands of Jordache, Kara, Bay Station, One Way, and hundreds of other brands regularly. Many are salesman's samples. I like the salesman's samples because these are the best pick of the line to show the retailer! So keep that in mind as far as quality goes.

--

I buy out the latest shelf pulls in bulk from these stores and their brokers in New York on a monthly basis. At present I have 8000 earrings, necklaces, bracelets, piercing jewelry, childrens jewelry, brouches, and rings in stock. I do not offer real gold or sterling. All metallic costume jewelry is either silver or gold plate but very beautiful. Stones are either real, glass or synthetic on leather or synthetic cord, but most necklaces are on chain.

--

I do supply and sell to several vendors who sell in their beauty salons, Holiday and special occasion shows, bazaars, Christmas shows and events, Antique Malls, flea markets, home jewelry parties, church fund raisers, and fund raisers in general.

--

A percentage of my proceeds do go to help The Caring Center here in Indiana for families under financial stress and children needing meals at home.
