

Deconstructed 40 wide buildings for sale (Gibbon)

Location **Nebraska**
<https://www.genclassifieds.com/x-435237-z>

We are taking down 40x500 steel trussed, clear span metal poultry buildings. You can buy the materials for rebuild on your location. Materials are sold by the square foot and sold in 40' wide by any 10' increment in length. Priced FOB Gibbon at \$2.25 per square foot. That would make a 40x60 cost \$5400. They will be dismantled at our expense. We should have materials available early summer, but you can reserve now. Contact Mike for a detailed information.
