1970 Pontiac GTO project.  
Rare, # matching 455 with original HO heads. The original motor is out of the car and has a 71 Pontiac motor in the car, price negotiable if I keep the non matching motor. Automatic transmission. Comes with new full quarter panels and rear inner wells. Very solid floor boards. Needs a rebuild and full resto. \$14,000 or will trade up with cash for 75 and older, or 79 Trans Am with 4 speed or anything else that is cool.
