

# Rescue Puppies Need Homes June 26th (Fort Collins)

Location **Wyoming**  
<https://www.genclassifieds.com/x-436925-z>

Happy Landings Animal Rescue has puppies! We recently pulled their mother, Remi, from a euthanasia list in New Mexico and realized she was pregnant shortly after she arrived in Colorado. She has been the most wonderful mom. We think she is about 3 years old and a lab pitbull mix. She has a wonderful disposition and is a very quiet dog.

Puppies will be 8 weeks old on June 26th and available to go to their new homes. Vaccines and deworming will be up to date. Remi will be up for adoption as well. We are interested in selecting adopters ahead of time.

Adopters will be screened carefully so serious inquiries only please. Adoption application, contract, home check, and adoption fee is required. Spaying and neutering is mandatory when these puppies are a little bit older. Breed bans will be respected; we do not know who the father of these puppies was but they obviously have pitbull in them. We love our dogs and have the adoption process we do to try to find permanent homes and prevent these dogs from ending up in shelter systems again.

If you are interested in a puppy or would like more details please let us know! You can also check out the rescue at [happylandingsrescue.org](http://happylandingsrescue.org) or find us on.
