

## Helpers (1 or 2) to move a large printer (Trophy Club)

Location **Texas**  
<https://www.genclassifieds.com/x-437026-z>

I need to move a large floor standing printer from an office in Trophy Club, TX area (Northeast Fort Worth) to another area in Fort Worth (near TCU). This will be a simple load and unload from one parking lot to another. The entire process should take less than 2 hours.

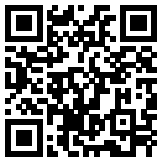

Pickup date is 5/18 - MONDAY - between 8:00-8:30 AM and the drop off near TCU should be at about 9:30-10:00 AM. Most of the time will be travel between locations. I have a truck and just need help with the loading and unloading. The printer is about 4 ft tall by 2 ft by 2 ft and weighs about 255 lbs. The top part is the printer and lower half is auxiliary paper trays and stand on wheels. This should break down into two piece for transport.

I am offering a working DELL LAPTOP computer with AC adapter for your assistance with the move. Not bad for a simple load and unload.
