I have one 14 foot plastic boat that needs to move 3 blocks on treasure island, from the storage unit to our workshop. It weighs maybe 200 pounds max. I will bring with me one person so the three of us should be able to move the boat no problem. I have a truck already.

No stairs. All doors are wide. We'll meet around 12:30pm at treasure island near 9th & avenue H, there's a bus stop nearby and plenty of parking.

This job will take 15 minutes.
