I am selling my Sprint White 16GB iPhone 5, It's in perfect working condition with Minor signs of use (Scratching/Scuffing) on housing but Screen has no scratches (has screen protector).

Clean ESN to use with Sprint, also i have the MSL code to unlock with a GSM provider if needed (not sure how that process works).

It comes with the USB cable, Power adapter and some cases.

If interested make me an offer, Cash!
