Up for adoption is an adorable 1 month old Common Welsh Green dragon. He was born in the higher mountain regions of Wales and as an adult will grow to be 18 ft, so you will need plenty of space to accommodate him! This dragon is a relatively subdued breed, prefers to prey mainly on sheep and other small mammals. The Welsh Green's roar is rather distinctive and somewhat melodious and it issues its fire in narrow jets. If you are interested in raising a very rare creature, drop me a!
