ROWAN -- (black) is a long hair handsome fellow. This young guy is as friendly as can be and is quite the talker. He flops for pets, and seems to get along with other cats. He just needs a home that will love him forever.

The Hazel Park Animal Control Shelter is a very small No-Kill shelter, so we always need to move our animals out of the shelter and into homes as soon as possible to avoid sending them to Oakland County. WE ARE IN NEED OF FOSTER HOMES--WE DO NOT CHARGE ANY PULL FEES. Adoptions or fostering of any of our pets, can be arranged through various nonprofit rescue groups that work with us. You can come in to meet our pets by emailing us at: or by calling and leaving a message including your telephone number.

We are always looking for volunteers to help at the shelter---even a couple of hours a week is appreciated to help cuddle and care for the cats, and to walk and cuddle the dogs. Please check us out on facebook and on our website.
