I will pick up and deliver items. I can also assemble furniture and exercise equipment. I have been moving and delivering furniture for over 10 years. I have a newer clean truck, pads and other equipment. I am prompt and reliable.

If your item is not in a box I bring in furniture pads and wrap it up and put big rubber bands to hold them on. I strap everything down very well on the truck. I put down pads to protect vulnerable floors.

I will usually match most other quotes. If you already have a quote from someone else please let me have a chance to match or beat it.

Please call Bob for quotes 513-498-six-six-72. I do not get to check Email everyday.
