We are moving out of state next month and are moving to a home where no pets are allowed. It is with a heavy heart that we have rehome are beloved Cupcake and her two kittens she had yesterday. Cupcake is used to being outdoors & indoors and know it will be a challenge to find her a good home. Kittens absolutely with have to go with as they are newborn & even closer to our move will be nursing kittens & too young for kitten food. Serious inquiries only, as this is terribly sad for us to have to.
