

27 Downeast boat

Location **Maine**
<https://www.genclassifieds.com/x-439709-z>

This boat makes a perfect harbor cruiser for entertaining, or even a quick weekend trip for some fishing. The bimini top folds all the way back creating a fully open deck space for casting lines, and also all the cushions are removable and the bench seating makes for a full walk around fishing area. Center cockpit table is also fully removable for additional space.

She is a great boat with A LOT of potential still left in her to make your own if you want to customize.

I'm asking \$12,500***NO TRADES*** and that includes a lightly used Trail-Rite 2006 fully galvanized double axle trailer.

Here are a few details about her:

- Year 2000
- 27' LOA (with teak swim step)
- 8' Beam
- 2'-6" Draft (full keel)protected running gear
- LARGE rudder for easy close quarter maneuvering
- Fiberglass over wood hull made from the Glen-L Marine boat plans. (see link below)
- <http://www.boatdesigns.com/23-Double-Eagle-PW-AL-trailerable-lobster-boat/products/535/>

New stainless steel bimini top and full boat cover with zippers for full enclosure made last year.
