We are looking to move to Maine from TN and are in search of a farm with a decent sized home that the owners are willing to lease/rent or offer a lease with option to purchase. We need a piece of property with the following features:

- a 3,000 + sq ft home with 4 + bedrooms and 2 + bathrooms
- a nice mix of pasture (40 + acres), tillable land and woodlot (we are hoping for something 100 + acres, the more acreage the better)
- barn and shop/large garage
- property must be secluded and home must be set back off of road - no busy roads

If you have a farm that you would like to lease that matches our description, please contact us. Thank!
