

Leveling and putting up Soffpool (Boscawen)

Location **New Hampshire**
<https://www.genclassifieds.com/x-440008-z>

I had to take the 20 ft round soffpool down last year because it was becoming unlevel. The spot has stone dust and sand and needs to be leveled. Also need it put back in place. It is currently on the side of where it was set up. If you have experience and do this on the side, please contact.
