

2 female pits (fargo)

Location **North Dakota**
<https://www.genclassifieds.com/x-440468-z>

Unfortunately due to current living situations I have 2 female pits available for adoption. I am asking for a \$50.00 CASH ONLY adoption fee to ensure they go to good homes.

One is almost 6yrs old. Her name is Luna she is a rednose pit that's spayed and up to date on her rabies shot. She loves people, and children, and will tolerate other animals if they leave her alone. Would do awesome in a home without other pets though. She will play for a little while but not long, prefers to just lay around and chill or cuddle.

The other one is almost 3yrs old purple nose pit that's spayed and up to date on her rabies. Loves people, children, and other animals. She is a very active dog and gets excited and hyper from time to time. She is also a big cuddler.

Both dogs are related Luna is diamonds mother. The solid color one with the white on nose is Luna and the brown and white one is diamond. If you're serious about adoption and would love to add them to your family please feel free to text.
