Any problems with laptops or desktops, I can repair or replace parts. No diagnostic fee and no need to deal with downtown/short pump traffic! These prices outline my normal repairs but are not limited to the work I am available to do. I have rebuilt a few hundred laptops for resale, have my BS in Forensics and a SUNY degree from Syracuse, and was repairing laptops for 6 years while attending Syracuse/VCU through 2011. I have been working on hardware as well as software aspects in computer repair since so why pay geek squad or other geek prices?

Thanks
