Very obedient, very loving, compassionate, gets a long with kids great, amazing temperament. She'll get a long with other dogs, but it takes a while to warm up to them. Best if they're passive. She chases cats and pesters them, doesn't kill them. She's small for a German shepherd, but extremely healthy. She's 3 years old, akc registered. She needs a new home. My sister's dog keeps starting a fight with her. When she defends herself she causes a lot of injures to their bull dog.

I love this dog, but she needs to have a non hostile environment.
