Hi!

I am an intuitive psychic/medium and emotional healer. I also read oracle cards and pendulum. I have been doing this for years and is very professional with my abilities. I have 5 different spreads I use to help the person being read. Tell me what you want to know, I'll chose the one right for you.

I also counsel those whom are going through a rough patch in their life. I listen attentively and give the feedback you need to hear. I do not bullshit or sugarcoat it, I give you the real! I also leave you with a personalized mantra for daily affirmations.

I prefer to meet in a cafe of a public setting where it would be safe for both of us. I find it people open up more over food and tea. I want you to be relaxed.

Contact me for prices and days and times when we are both available. We will work out all the detail via email. We will trade numbers the night before your session, so we can call to let eachother knowwe are on our way. I take paypal payments only. I request payment ahead of time and 24 hour cancellation email. Everything that is said between us will not be shared or forwarded. I am a professional.

Check out my youtube channel for some motivational videos also.
