NO HIRED GUNS, PLEASE. DERONDA is looking to add both a like-minded bassist and keyboardist. Please have your own gear (both traditional keyboard sounds and contemporary synth sounds), an indie/DIY mindset, be willing to learn parts as needed and a desire to help bring the songs to life. We're currently recording our first EP and are ready to book gigs immediately. Our set is currently at 11 songs and growing. Check out our demos at: <https://soundcloud.com/writegabe> and drop us a line if you like what you hear. (definite live songs include: OUTLINE OF LOVE, WHITE SPROUT, TWO NEW MOONS, TWO WHEELS, HISTORY MAN, SPEEDING BULLET, ETC.) Links to examples of your own material/playing are greatly appreciated. Looking to rehearse ASAP---IF THIS AD IS STILL UP, WE'RE STILL LOOKING!

Bands we like: Tame Impala, Unknown Mortal Orchestra, Ty Segall, T. Rex, Elvis Costello, Talking Heads, New Pornographers, The Bees, Little Dragon, the Go! Team, Beatles/Stones/Kinks, etc.

If you have similar tastes and can see yourself playing the parts on these songs, get in touch!

Good!
