

# Looking to relocateremove blown attic insulation (Needham)

Location **Massachusetts**  
<https://www.genclassifieds.com/x-442786-z>

We are renovating a ranch style home and need about 8" of recent blown in insulation (newer type of blown in - white fluffy) moved to another section of the house and possibly into a dumpster.

I have all the necessary equipment and tools, large vac system with discharge hoses.

I would provide a cartridge style respirator and tyvek suit as well. (Yours to keep!)
