

Male Eclectus (Wahiawa)

Location **Hawaii**
<https://www.genclassifieds.com/x-442826-z>

I have a super mellow male Eclectus I am thinking about rehoming. He's about 11 months old now and recently had a wellness check up. He's a healthy young parrot that just likes to hang out. He is great with everyone, even my 3 year old son. Has never showed a single sign of aggression, not one bite. Amazing bird! If you want to meet him write me an email. Rehoming fee
