2002 Minivan for sale! Great condition, I am the 2nd owner and have kept up on maintaining this vehicle. It has 189737miles and is my daily driver but the original owner replaced transmission due to a recall so it can last you a while if you maintain it. Brakes were replaced about 6months ago and tires are in good shape. There are a couple cosmetic dings and dents but besides that this van is gold! Call or texts with any questions, more pics or to take it for a.
