I'm between cars (looking at buying a new car). But until then I'm devoid of transport. So, need someone who can lend me their car for about two weeks (Rentals are just way too expensive). The compensation I can offer is \$10-\$14 per day depending on the make, model and condition of the car. I don't use the car too much. I'll drive it on average of 10 miles a day. The car needs to be insured in the driver's name and if anything happens to the car while it is in my possession, I shall pay the deductible and also the increase in insurance premium for the whole year.

If interested, please text me @ three - 5 - two - eight -7 - zero - 0 - 8 - three - 9.

If emailing, make sure to have "Temporary Transport" in subject.
