

Hiring Painters for Summertime (Scottsdale amp Cave Creek)

Location **Arizona**
<https://www.genclassifieds.com/x-445938-z>

I am looking to hire 6-8 painters. Painters must be 18 years of age, not afraid of heights, and willing to work 40 hours a week outside. I prefer people who have painting experience, but those who are willing to work hard and learn will also be considered.

Candidates must have a positive attitude, must be willing to work 40 hours per week.

When summer hits, I will begin managing the painting crews to do the actual work in Scottsdale and surrounding areas.

Here are my positions and pay available:

Painter: \$8-\$10 per hour

- You will be certified through Frazee and have a starting wage from which I have the discretion to raise if you prove you're a strong worker. And, I'm authorized to give a large bonus at the end of the summer if I have been impressed with your work over the summer. (on top of your wage, College Works puts \$1 into your account for every hour worked) I'm looking for conscientious people who have attention to detail, won't cut corners, and strive for customer satisfaction.

Crew chief(s): \$9-\$12 per hour

- A managerial position. Need 1 to start, and up to 3 by the time we get production in full gear. Will be my go-to whenever I'm at the job site and in charge whenever I'm not. Will have additional responsibility, including but not limited to: client walkarounds, budgeting, training, and inventory management. Will be very selective as it is the most coveted.

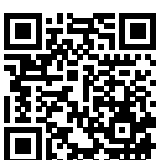

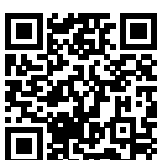

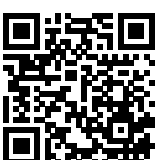

Painting will take place during the day during normal working hours. There will also be a marketing and advertising requirement for 2-3 hours per week, either in a weekday afternoon or weekend. is usually

5-730pm Monday-Friday, and any time on weekends. Again, you can market as much or as little as you wish. I have a few hours and a great working environment to make you comfortable to work.

If you are interested in these positions, you'd be interested to please join the group message page on all the ASA's.

Feel free to invite any friends who are interested in the summer job. I will refer them to you. Thank you!

I have already hired a few marketers and began conducting interviews for painters, so contact me soon to reserve your.
