

American bully (columbus)

Location **Alabama**
<https://www.genclassifieds.com/x-445993-z>

I have to re home my female american bully. She is fixed and comes with the records in pictures I have posted. I adopted her so she is not akc. She has had a 12 month flea vaccination, rabies shot, and is microchipped. Her name is keaunis or kea for short. Great with kids and other Tame animal. She is not a guard dog and She can easily be bullied so I recommend not having her with pets that are not fixed. No bad habits. House trained. Cage trained tho she does not need to be in one. Will not leave your yard does not need a leash once you have set her boundaries. Asking a re homing fee of \$500 serious inquiries only. I'm moving cross country and can not take her with me. Local people only no pay pal. You will need to sign an adoption.
