Missing 5/19, last seen on Leverett in Fayetteville, AR:
 Ruby is a stray that was running on the highway this past weekend. I picked her up to take care of her and help find her original home. She jumped through the blinds/window screen today and escaped while we were gone. Please help us find her.

She is a small shepherd/beagle mix, about 25 lbs. Wearing a turquoise collar and has an open wound on her chest that she needs her medicine for.

Please contact Rachel at

We are very worried about her and want her home asap, thank!
