Hello my name is Edgar i'm 19 I live in Hayward and I want to start a thrash metal band. Influences are Exodus, Testament, Death Angel, Violator, King Diamond. I've been playing for about a year. I'm looking to get something started and going. Im looking for a drummer, a singer and a bassist. You should be at least 16-25. But if your into thrash as much as I do then thats fine. Let's play backyard parties, local parks, and even local venues. We could jam at my house I have a drum set and you guys could use it. I have my own amp and guitar. Lets jam and start something. Tired of this screamo and hardcore crap band stuff going on in the area. Its time to fight back!! Serious about this band. Call me at

I get out of work around 2pm so shoot me a text or call me around that time. Really serious about.
