I'm organizing a Chapter of the Mediocre Golf Association and I am looking for interested members!

This is tournament golf for the bogey golfer! Meaning we want the weekend warrior and not so serious duffer. New to the game? Never played but interested in meeting people and starting a sport you will most likely lose your patience with, but you get to drink beer? THIS IS FOR YOU.

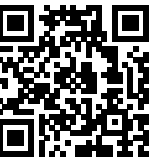

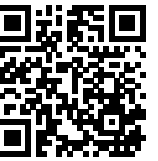

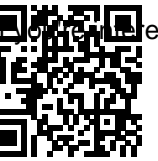

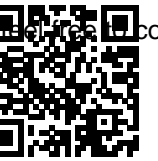

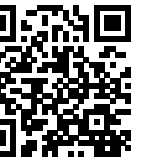

Lower skill levels are a plus. Women and couples are welcome!

All tournaments are played using a modified system designed for the higher handicap golfer. Visit the website below to see the unique and FUN rules. <http://www.mgatour.com>

As this is a new chapter, we are looking for 10 more members to join our growing commitments for a total of 20 or more.

With this amount of players, we will host 8 tournaments per year, with two majors in the state of Florida and an end of year championship in Las Vegas with an invitation going to the top 3 players from the chapter.

The more members who join, the higher prestige courses will be played as we will have more buying power.
