ample three-room basement offers the opportunity for a 'hidden' family room and plentiful storage, which is further supplemented by the large 2-car garage out back.

The kitchen features a tile floor and tile counter in pearly white, contrasting neatly with the dark brown of the wooden cupboards. A side door enters adjacent to the kitchen for easy grocery trips. Fridge and stove will be supplied upon move-in.

The bathroom is a study in white, with a white tile floor, white tile backsplash on the tub, white vanity, and white countertop extending around the commode. A convenient in-mirror medicine cabinet along with under-sink cupboards and bathroom drawers continues to add surprising amounts of space to the home.

The master bedroom has charming sloped ceilings that hide even more space: a pair of under-eave storage nooks accessible through panels in the upstairs. A large space with sizable windows to let the light in, the bedroom is a place you can expect to enjoy spending your time.

Downstairs, the unfinished basement is nonetheless broken into three rooms, one featuring a large janitorial-style utility sink with two sides as well as shelving for your cleaning supplies or other projects. The 'main' basement room is easily large enough to fit a significantly-sized television and furniture, with the potential for a rumpus room.

Rent is \$850 per month and the security deposit required is 1 to 1 1/2 months depending on qualifications

Viewing is by appointment only and you can move in on July 1st.
