

3D Printing Design and Print (Kapolei)

Location **Hawaii**
<https://www.genclassifieds.com/x-446969-z>

Lowest Prices Available on Island- I believe in helping out fellow creators and it shows in my support and pricing. I use an industrial grade printer and am able to 3d model and print. I can print in any color and any filament. My printer can print any filament so items not listed in stock materials will need to be purchased separately. Instock materials can be found on my hub page.

For pricing pricing tiers on material and resolution see my 3D Hub Page (<https://www.3dhubs.com/honolulu/hubs/justin-keller>).

Free files can be found at <https://www.thingiverse.com/>

Pricing for 3d models from scratch is based on complexity and hrs it takes me to complete. I can also customize existing models with text or new parts.

Pick up preferred, will ship for a fee.

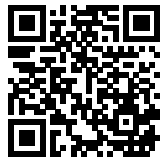

I have an established following on youtube where I have my own 3d printing tv channel. I'm centrally located in Kapolei.

Email is preferred but I do take calls.
Justin Keller
