

Great Dane and lab mix puppies (Mount orab)

Location **Kentucky**
<https://www.genclassifieds.com/x-447216-z>

I have great Dane and lab mixes. Males and females. 8 weeks old. Have had there first set of shots and been wormed twice. Very loving and cute. They are all Merle colored. Very good with kids and cats and other animals. Fed Purina puppy food and get a bath often. Asking \$200 each to make sure you can afford them!! They will be big and eat a lot of food! TEXT only.
