

(update)Need pile of brush removed

Location **Indiana**

I have a pile of brush/limbs in my back yard I need removed or chipped. The yard is fenced in without truck access so it will need to be carried out. If you have a chipper and can get it through my gate then chipping it where it sits is good.
I am north of 146th street off of Allisonville Rd.

Thanks for everyones replies. I have arranged an offer. I will contact the next one on the list if there are any problems.
