Selling a very nice BilJax DL125 drywall lift. Lifts from 5' up to 12' high ceilings. Rated for 225 lbs per sheet! Will do 12' sheets! Automatic brake. Sells everywhere for \$1200 new. This is an extremely heavy duty lift. Do not compare to the pos lift that Harbor Freight sells! It weighs twice as much because the steel is twice as thick and made in the US! Identical to the yellow unit pictured but it is black. Will consider trade for decent riding mower. Price is \$350 Call 410-81 2
