I'm looking for someone to teach swim lessons to my 4 year old daughter. She's been in lessons at the YMCA for a while now and has hit a level where the class schedule offered doesn't match our availability. I can offer \$20 per 1hr lesson if I have to provide the pool access as I will have to buy a pool membership or am happy to discuss your rate if you have a backyard pool or access to a public pool. I will be attending any lesson and supervising from the deck.

Email me and I will respond promptly. Thanks!

Rebecca.
