This very clean Multistrada 1100s has been extremely well maintained. Just had the 24K major service performed by us including belts and valve adjustment. New Tires, Termignoni Full exhaust, Factory side bags and top case with comfort passenger seat. Custom Dash mount including Garmin GPS and Heated grips. CRG Levers and Rizoma Handlebars. Nothing else is needed for a great riding Ducati Adventure Sport Bike. This immaculate 2013 Triumph Dayton 675 is an amazing sportbike! Lots of mid range usable torque and revs like an inline 4! Very low miles and completely stock. This is our DEMO bike. 195 HP and 361 lbs. Electronic Adjustable Ohlins suspension, Ohlins steering Damper, Forged Aluminum Marchesini wheels, Electronic Quick Shift, Ducati Traction Control, Multi-Level Race oriented ABS, Engine Braking Control and 3 Riding Modes with differences in Horsepower and throttle response. Full LED Headlights. The 1199 Panigale S is a true Race bike that has been fitted with lights and mirrors to be street legal. This 2013 Hyperstrada has been our Demo bike since 2013. In that time we have regularly serviced the bike. The Strada comes with semi rigid bags, windscreen and center stand. This model of Hyper has the three power modes to choose from, 8 levels of traction control and multi level ABS. Full Ride-by-wire and 110HP on tap. The Ducati Streetfighter S has the heart of the championship winning Superbike, the 1098 engine. The S goes further with Ohlins suspension, Forged aluminum wheels and a steering damper.
