Maltese/Terrier Mix Dog Lost. He ran out the front door on Friday the 15th after a cat and did not come back. Mostly black with brown feet and a white chest. His eyes are similar to a raccoon with salt and pepper eyebrows. We miss him so much. He is a family member to us. He was wearing a black plaid collar and black and white bandana on collar with a rabies tag from Gingles Vet in Long Beach. Vet info is on the tag. If you have seen him or have him, please call.
