Hey guys,

So I want to try my hand and venture into yoga. I am looking for a yoga instructor- or someone who has experience with yoga for a few one-on-one sessions. I can pay \$200 for the lessons. Please let me know your rate if it would cost a bit more.

I am a beginner so please have some patience. I am using this as a means of physical therapy for a few injuries.

Please email me for further information,!
