Ibanez Prestige J-Craft. This is in excellent condition. Sweet guitar. J-Craft case and trem arm included. Awesome guitar. Great action, super fast and sounds great. Of course its a Prestige so you have to break it in half to get it to go out of tune. This guitar was around \$1500 new, so Please do not make trade offers for something you paid around \$700 for new. That means its worth about \$450 used. I paid \$1500 and I am selling for \$700. Your gear depreciates.
