Need labor to put new shingles on barn roof. It's mostly 1 stories but one section is taller. i've walked 2 lower sections and not rotten. Entire bld is 24wide by 45 long. Have all roofing materials, couple ladders, nails and nail gun, tar, air compressor, boards and roof jacks etc. Only need email me your best bid. Lowest 3 estimate get final tour before signing contract. either have Insurance or sign a liability waiver. doesn't matter to me. No stripping first layer needed, shingles already on site and waiting. I am disabled veteran so could try help on some of it but can't do it all with you. Btw. Could lead to more.
