Singer, Bass & drums looking for a guitar player to do a 4 piece straight forward bluesy classic rock thing. We play good time classic rock music and are looking for a normal guitar player who is interested in being in a good band. By normal we mean no drugs, no alcoholics.....a few beers are ok but no more drunks for us.

Most importantly no ego maniacs we've been there and done that!

We like to play once a week and like to play out every now and then on our terms. If you're looking for something to supplement your income this is not for you.

If you're looking for players that can deliver the goods, have a great sense of humor, are flexible and dependable then give us a holler.

We have jobs, families and normal lives but still feel the need to feed the rock n roll beast.
