Mostly grey kitten. Has a tiny patch of white on her chest. Absolutely amazing fur baby. I have had her mom since she was six weeks old and I have had her since she was born. She is litter box trained, eats solid food, and loves cuddles and playing. She would be great for any age. Her name is nova and she knows it very well. Her mother is short hair but her fur is a little longer and thicker. She's a little ball of fluff. Located in cayce. Must pick up. Asking \$20 to make sure she goes to a good.
