Hi there! I have a beautiful black lab that I have to re-home. Her name is Chloe', she's 2 years old and she's a really good dog, but she absolutely needs to be in a home where she is the ONLY dog and where there's NO small kids. We have discovered that she is very jealous and does not want to share the attention with little kids or another dog. She loves to run and play fetch and she is used to having a fenced-in yard to run around in. She is housebroken and she has been fixed. She loves to go on walks and she loves to ride in the car. She is up to date on her shots. She does well with older kids, like 12 and up...kids that won't be too rough with her. She will be timid around you until she gets used to you but she is a really good guard dog. She will definitely let you know if someone is at your house and that they are not welcome. You have to "introduce" her to people to let her know that it's ok for them to be there. I will only consider you if you will agree to send me periodic updates and pics (at least once a month) of her so I'll know she's okay. Please understand that we love Chloe' and we will miss her like crazy so I need to know that she's in good hands. I am asking for a small re-homing fee of \$25 just to make sure you're not some psycho who goes around collecting dogs that are "free to a good home" for whatever sick reasons. Please take good care of her. She is a great dog and we hate having to let her.
