Location **California**

My name is Katrina, and I am an assistant to a celebrity colorist at a high-end salon in Beverly Hills. I have been assisting for several years and am currently working towards getting my own chair at the salon. I am looking for hair models who are interested in getting Beverly Hills quality haircolor at a fraction of the price! I offer a broad range of color services, including color correction and removal, highlights, grey coverage, and more! I have been exceptionally well trained and have a lot of hands-on experience, and I use only the best professional color lines and styling products.

My prices are very flexible. There is a \$60 model fee for the FIRST visit.

My goal is to give you gorgeous, natural looking haircolor that will be easy to maintain. I won't be happy until you are!

Don't be intimidated by the word "model"! If you have hair on your head and would like it to be colored, you qualify!!

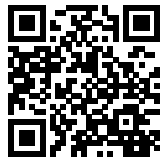

You can check out my work and inspiration on Instagram: @color.by.kat #colorbyKatrinaGray

I'm looking forward to hearing from you!
