Hi,

I am looking for a fellow sane, professional female to live with and occasionally hang out with. I am clean and very responsible seeking the same. I currently live in an upscale apartment that we can either stay in or move to duplex I have found available on 18th and New Hope. I am open to locations but would like to stay in the area of rogers that avoids Walmart traffic. Convenience to work and the gym are my priority with low cost in a nice place to live. I prefer my own bathroom, w/d in unit etc. If you are looking for a roommate, want to move into a new place, or move into mine. Let's talk.

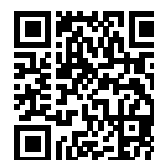

Contact me if you meet my expectations and think we can fit..
